

Andy BERMOND

STAFF MLOPS ENGINEER | AI ARCHITECT

Lausanne area, Switzerland

andy.bermond75@gmail.com

https://abe75ch.github.io | www.linkedin.com/in/andy-bermond

Summary

Staff MLOps Engineer and AI architect with 4+ years taking ML and LLM systems from PoC to monitored production in pharma and luxury. Currently a forward-deployed engineer building LLM agents and RAG applications on AWS, GCP and Kubernetes. Led a 30+ engineer platform rollout, run technical hiring and speak on AgentOps.

Experience

Visium | Staff MLOps Engineer | 04/2026 - Present | Lausanne, Switzerland |

AI consultancy, forward-deployed engineer embedded with pharma clients.

- **Led the engineering of an LLM agent (LangGraph, FastAPI, Next.js, AWS EKS) that turns plant control-system exports into process documentation for a manufacturing site transfer.**
- Cut RAG retrieval latency from 25 s to 0.2 s on a 110k-chunk index through index caching and pre-warming.
- Co-built an AI co-scientist for R&D teams that generates and ranks hypotheses and writes cited reports from internal documents and live literature.
- Took both apps onto the client's Kubernetes platform: EKS/Helm, Terraform, GitLab CI/CD and LLM monitoring.
- Deployed a heart-rate forecasting model to smartwatches (TFLite INT8, Core ML) in a feasibility study, showing INT8 cuts battery drain by 28%.
- Speaker at PyData Lausanne on AgentOps; ran about 20 technical interviews and designed a company-wide peer-learning program.

Richemont | MLOps Engineer | 03/2024 - 04/2026 | Buttes, Switzerland |

Department Research & Innovation

- **Led the architecture and group-wide rollout of a shared AI platform across all Maisons, coordinating 30+ engineers.**
- Took multiple ML, GenAI and computer-vision projects from PoC to production.
- Built the department's GCP infrastructure (GKE, Vertex AI, Cloud Run) and GitLab CI/CD pipelines for model training and deployment.
- Deployed containerized AI inference APIs behind KONG, from cloud to edge.
- Ran software and MLOps practice workshops for the department's engineers.

AnotherBrain | AI Developer | 09/2022 - 01/2024 | Paris, France |

AI startup building next-generation AI products.

- Built three ML pipelines for acquiring, training and evaluating models on client data.
- Researched and implemented data-shift detection methods, shipped into the core product.
- Led end-to-end development of a coin detection app over 1.5 years: data sourcing, YOLO and PyTorch models, PostgreSQL and MinIO storage, Flask API on Docker.

Earlier experience

- French National Research Agency (ANR) | Scientist Project Manager | 05/2022 - 09/2022 | Paris: budget tracking and logistics for scientific committees and events.
- Wellness Training | Fitness Center Manager | 2016 - 2022 | Paris: ran corporate fitness centers, managed a team of 5.

Skills

- **LLM & agents:** LangGraph, LangChain, RAG, LLM evaluation, LLM monitoring (Fiddler), MCP, A2A, Claude Code.
- **ML:** PyTorch, scikit-learn, Hugging Face, OpenCV, NumPy, MLflow, DVC, TFLite, Core ML.
- **Cloud & platform:** AWS (EKS, S3, Aurora, OpenSearch, Textract), GCP (GKE, Vertex AI, Cloud Run), Azure, Kubernetes, Helm, Docker.
- **CI/CD & IaC:** GitLab CI/CD, Terraform, Entra ID, Gerrit, Pytest, Bash, Makefile.
- **Backend & data:** Python, FastAPI, Next.js, Flask, Django, PostgreSQL, MongoDB, MinIO, Grafana, Elastic, Label Studio.

Education

Degrees:

Master's degree in Artificial Intelligence, Microsoft AI School | 06/2022 - 01/2024

- Major: Data Science, Deep & Machine Learning, Software | Minor: Data Engineering & Analysis

Bachelor Event Project Manager, ESMEAC | 03/2019 - 02/2020

- Major: Event Management, Conception of the event | Minor: Customer Management

Bachelor Fitness Coach, Montpellier University Club | 01/2010 - 08/2011

- Major: Muscle Anatomy | Minor: Sport Management

Certificates:

- Microsoft Azure AI Engineer Associate (AI 102) - 11/2023
- Microsoft Azure AI Fundamentals (AI 900) - 09/2023 | Azure Fundamentals (AZ 900) - 11/2022

Projects

- Healthy Agent (12/2023): fine-tuned Mistral 7B with QLoRA on MedQuAD (43k patient questions) for healthcare Q&A.

Languages

- French: native. English: professional working proficiency.
